WHY RENT FROM AN OEM?

QUALITY

All vehicles are thoroughly inspected prior to use and upon return to adhere to the highest level of safety and compliance with NFPA 505 and to maintain FM certification.

OEM rentals are guaranteed to be high quality — even after continuous and rigorous use!

They are guaranteed to be suitable for those unique and demanding applications.

All EX units are approved to operate in Class 1 Division 1&2 - Group D Class 2 Division 1&2 - Group G hazardous environments.

SUPPORT

Renting from the OEM automatically facilitates access to a wide variety of services and support.

RICO provides dealership connections, reliable shipping and thorough equipment training.

RICO covers all maintenance and servicing expenses within the rental duration.

LONGEVITY

All RICO rentals are specifically engineered and designed to ensure optimal performance and proper conditioning within its working environment.

OEM units are sure to last longer due to the continued product and technological updates.

INVESTMENT

There is simply no better investment. Since OEM vehicles are designed to fit and perform to factory specifications, it increases the life of your equipment significantly.

Rental Fleets are always kept up-to-date, quality is guaranteed and are the safest in the industry.

If there are any issues a replacement vehicle will be sent immediately. This will save you money while eliminating down time.
