

Model: HLCB-SDR-EX-8K24

RICO introduces repair kits designed specifically for the **HLCB-SDR-EX-8K24 High Lift Counterbalanced Sit Down Rider 8,000 lb capacity lift trucks** to support preventive, regular use maintenance and repairs throughout the life of your vehicle.

- 1. Intrinsic Safety (IS) Repair Kit (Part Number: 22-003714-SA)**
Kit includes components such as the IS wireways, limit switches, handle assembly, operator mat, and microswitches to be able to repair and maintain the Intrinsically Safe components and ensure safety and compliance.
- 2. Mineral Insulated (MI) Cable Kit (Part Number: 50580160)**
Kit includes a complete set of the truck's MI cables that safely distribute hazardous power of the truck. Kit includes cables for BDI, junction box, and all light options.
- 3. Hydraulic Repair Kit (Part Number: 22-003716-SA)**
Kit includes seal kits cylinders and a tank repair kit to be able to service the hydraulic system and reduce machine downtime.
- 4. Electrical Repair Kit (Part Number: 22-003717-SA)**
Kit includes components such as relays, EX barriers, and resistors to replace and repair components on the electrical panel to ensure EX compliance and safety.
- 5. Traction Motor Hardware Kit (Part Number: 22-003713-SA)**
Kit includes all hardware for the traction enclosure to ensure the correct bolt are readily available with clean threads to ensure safety, flame path, and eliminate damage to the enclosure.
- 6. Pump Motor Hardware Kit (Part Number: 22-003715-SA)**
Kit includes all hardware for the pump enclosure to ensure the correct bolts are readily available with clean threads to ensure safety, flame path, and eliminate damage to the enclosure.
- 7. Control Enclosure Hardware Kit (Part Number: 22-003718-SA)**
Kit includes all hardware for the control enclosure to ensure the correct bolts are readily available with clean threads to ensure safety, flame path, and eliminate damage to the enclosure.
- 8. Graphics Replacement Kit (Part Number: 22-003703-SA)**
Kit includes a pack of non-EX compliance truck labels that are frequently worn, torn or misplaced during standard operation.
- 9. Drivetrain Repair Kit (Part Number: 22-003721-SA)**
Kit includes wearable components that make up the trucks drive train. Keeping these on-hand can keep your trucks pulley drive train in good condition as well as wear on other components.
- 10. Steer Axle Repair Kit (Part Number: 22-003722-SA)**
Kit includes required sets of pin kits and link kits to repair or refurbish the steer axle. Having these kits on hand reduces downtime to an already cumbersome repair.

Be your customer's first call — build your parts inventory with OEM repair kits developed specifically to support RICO custom lift trucks

THIS IS THE RICO ADVANTAGE!

- ✓ Increase customer response time
- ✓ Reduce customer downtime
- ✓ Avoid risk of supply shortages and backorders
- ✓ Improve customer satisfaction
- ✓ Reduce maintenance time
- ✓ Protect against rising costs
- ✓ Avoid expediting fees
- ✓ Confidence in having the right parts and tools for your truck
- ✓ Complete kits for plug-n-play quick repairs
- ✓ OE components
- ✓ Hardware kits for common wear components

Take advantage of our lowest price and fastest lead times — add repair kits to your PO at the time of order and we will ship your repair kits with your truck!
